the middle of Dallas/Fort Worth"

Monday Afternoon
May 21, 2018
Sky Creek Ranch Golf Club
in Keller, Texas
(10 miles west of DFW Airport)

The Fort Worth/Tarrant County Animal Foundation was founded back in 1971 with two important purposes in mind. One, to raise funds to support vital companion animal medical studies that help improve the health and longevity of our beloved pets. And to this point, we have funded over \$1 million in canine, feline and equine studies. Our second charter is to make additional financial-aid available for the hard-working **Texas A&M College of Veterinary Medicine** students. To-date we have provided over \$700,000.00 in financial aid to those students, many of them currently practicing in the D/FW Metroplex.

With a generous gift from Ft. Worth's own Joseph Ballard our foundation was created by Drs. Charles Riley & A. C. Sears and local attorney Michael Gibson. Mr. Ballard was a world-recognized animal-lover and Mr. Gibson continues to support endeavors that help our pets. In addition to dedicating their lives to caring for those pets, the late Drs. Riley and Sears greatly contributed to our profession as companion-animal practitioners. A very important part of their professional development, as well as to all Veterinarians, was the educational side of veterinary medicine whether it be in veterinary school or afterwards with continuing education. Our FW/TCAF-funded studies have contributed to both aspects of this effort. The studies that FW/TCAF have funded include such topics as canine cancer, feline diabetes, post-operative analgesics, auto-immune disease, canine influenza, feline kidney disease, equine laminitis and many, many more.

We invite you to participate in this wonderful event with all of the net proceeds going to the **Fort Worth/Tarrant County Animal Foundation** (FW/TCAF), a non-profit 501(c)(3) organization.
